1:11 am **Pittwater2010:** #localgovchat Can't comment about #ngg10 (sounds like fun btw!) but having a champion at the top is vital. Thankfully we have our GM!

1:11 am **transpr:** Q1 plead the 5th #localgovchat

1:12 am **JohnFMoore:** RT @localgovchat: ... Q1: Do you feel supported, motivated by your bosses w/ #gov20 efforts? #localgovchat

1:12 am **danr:** @localgovchat Q1. Nothing but indecisiveness & roadblocks from leadership on gov20. Staff constantly argues for and defends sm #localgovchat

1:12 am **sarahebourne:** A1 Absolutely. Lots of top down support in MA for civic engagement, open data - all things open government #localgovchat

1:12 am **sonny\_h:** #localgovchat A1: It is an incremental process of education, value demonstration, biz case, and asking for forgiveness

1:13 am **ElaineatLondon:** RT @transpr: Q1 plead the 5th #localgovchat

1:14 am **jessweiss:** Hi all - sorry I'm late. Jess Weiss, Project & Social Media Coordinator, Mass.gov #localgovchat

1:14 am **localgovchat:** Search appear to be a little messed up tonight. Sorry guys. I think it's catching up. #localgovchat

1:17 am **jessweiss:** I am super fortunate. We have lots of support - at least at a high level. Sometimes a bit harder for day to day stuff #localgovchat

1:17 am **sonny\_h:** #localgovchat we rolled out several #gov20/transparency initiatives this week

including dashboards, [#iphone](#) app. Still licking wounds

- 1:17 am **ElaineatLondon:** RT [@transpr](#): A1: clarification: support yes, but few who use the tools or understand them. [#localgovchat](#)
- 1:17 am **JohnFMoore:** [@ElaineatLondon](#) Is education the missing piece? [#localgovchat](#)
- 1:17 am **localgovchat:** Q2 What motivates you to do this stuff? What made you passionate about [#gov20](#)? [#localgovchat](#)
- 1:18 am **JohnFMoore:** [@danr](#) Curious if any formal justification being done, like a biz case of sorts? [#localgovchat](#)
- 1:18 am **ingagenetworks:** RT [@JohnFMoore](#): RT [@localgovchat](#): ... Q1: Do you feel supported, motivated by your bosses w/ [#gov20](#) efforts? [#localgovchat](#)
- 1:19 am **purserj:** [#localgovchat](#) Q2 I'm a politics geek, [#gov20](#) matches with my idea of what government should be and I have the ability to help bring it about
- 1:19 am **sarahebourne:** A1 The number of people doing is small, but gratified to see it growing. [#localgovchat](#)
- 1:19 am **Govistics:** My intro didn't hit the stream, so here we go again... Joe Stefko, Dir of Public Finance at CGR (the folks behind [@Govistics](#)) [#localgovchat](#)
- 1:19 am **Pittwater2010:** [#localgovchat](#) Q2 Keeping up with the Jones!! Interested in anything that makes communicating with residents easier & more relevant
- 1:20 am **lynnwms:** Hi [#localgovchat](#) friends. Checking in :-)
- 1:20 am **JohnFMoore:** RT [@jessweiss](#): Q2: [re: [#gov20](#)]. Love helping develop new communications strategies, realities.[#localgovchat](#) [#localgovchat](#)
- 1:21 am **sonny\_h:** [#localgovchat](#) A2: a confluence of means, motive and opportunity. Was tired of tending to PTP/bottom line. Making a difference more fun
- 1:21 am **danr:** [@JohnFMoore](#) Staff wants it, managers r hesitant. No one to make case to elected officials. Everyone else in DC metro is active [#localgovchat](#)
- 1:21 am **sarahebourne:** I'm with [@purserj](#): "matches with my idea of what government should be and I have the ability to help bring it about" [#localgovchat](#)
- 1:21 am **JohnFMoore:** RT [@ElaineatLondon](#): Yes, to some extent. Willingness to accept change also. And resources. Is education the missing piece? [#localgovchat](#)
- 1:22 am **ElaineatLondon:** RT [@localgovchat](#): A2 Ability to connect in new ways with new audiences. What motivates you to do this stuff? [#gov20](#)? [#localgovchat](#)
- 1:22 am **JohnFMoore:** RT [@danr](#): Staff wants it, managers r hesitant. No one to make case to elected officials. Everyone else in DC metro is active [#localgovchat](#)
- 1:22 am **transpr:** Q2 Opening the eyes of people to things they have not known. Creating a sense of wonder through transparency [#localgovchat](#)
- 1:23 am **sonny\_h:** [@danr](#) where are you in DC Metro. We should talk [#localgovchat](#)
- 1:23 am **Govistics:** A2 Realization that public can't manage or engage with what it can't measure. More data + more info broaden the public square [#localgovchat](#)
- 1:23 am **transpr:** RT [@danr](#): Q1. Nothing but indecisiveness & roadblocks from leadership on gov20. Staff constantly argues for and defends sm [#localgovchat](#)
- 1:25 am **JohnFMoore:** Yes [@JessWeiss](#). Does anyone have a [#sm](#) biz case they are willing to have me highlight in my writeup of The Social Ecosystem? [#localgovchat](#)
- 1:26 am **Pittwater2010:** [@jessweiss](#) [#localgovchat](#) Very true about the 'social' tagline - stops it getting taken seriously at the top
- 1:27 am **sonny\_h:** [@jessweiss](#) [#localgovchat](#) Another challenge is digital divide. Hard to dev. biz case to expend resources to serve 30% of stakeholders

- 1:27 am **sidburgess:** @localgovchat #localgovchat A3 Responsiveness. Most citizens don't go hunting for data. More do call the police, report issues.
- 1:28 am **Govistics:** @jessweiss @sonny\_h Great points, both. Agree fully. #localgovchat
- 1:28 am **transpr:** Q3 With my work, responsiveness is first step. That builds trust, and provides building blocks #localgovchat
- 1:28 am **Pittwater2010:** #localgovchat Q3 The responsiveness we think - people like the immediacy
- 1:28 am **sonny\_h:** #localgovchat A3: At the local level: responsiveness. At the federal level: Transparency. Nature of #gov different b/w local and federal
- 1:29 am **sarahebourne:** A3 May vary by what one's looking for at any point in time, but I would say responsiveness is what most are looking for. #localgovchat
- 1:29 am **danr:** @localgovchat Q3. I think citizens like responsiveness / connection. Gov gains community advocates (a street team in a way) #localgovchat
- 1:30 am **localgovchat:** Agree? RT @sonny\_h #localgovchat A3: At local level: responsiveness. At fed level: Transparency. Nature of #gov different b/w two
- 1:30 am **purserj:** #localgovchat Q3 mind you, it depends on who you're asking. Certain groups are going to value transparency first
- 1:30 am **g\_r\_e\_g:** Hang in there @danr ... I chatted with your colleagues a few weeks ago and tried to sell them! #localgovchat
- 1:31 am **jessweiss:** @johnfmoore - well, there's my commonwealth conversations post from two weeks ago. It's basic, but it's a start ;-) #localgovchat
- 1:31 am **g\_r\_e\_g:** Q3: 100 percent responsiveness for sure. "Transparency" can still be a muddy word to many people #localgovchat
- 1:31 am **sarahebourne:** A3 It's going to take a while for transparency to get "popular": when they believe we are being transparent in all #localgovchat
- 1:31 am **purserj:** #localgovchat re fed/local differences, depends on which section of govt you're talking about. Social Services need to be responsive...
- 1:32 am **JohnFMoore:** @jessweiss Nice! Do you have a link handy? Thanks, as always, Jess #localgovchat
- 1:32 am **purserj:** #localgovchat I think it can be dangerous to think of each level of government being something monolithic
- 1:32 am **Govistics:** A3 @purserj Exactly. Depends on audience. For some locals, transparency is the end. For others, the means to responsiveness. #localgovchat
- 1:33 am **jessweiss:** @sonny\_h Agreed. Digital divide is real issue. Can't reach everyone through social. #localgovchat
- 1:33 am **transpr:** Q3 transparency is harder to define, different for many. Responsiveness is much easier for most to grasp. #localgovchat
- 1:33 am **ChristinaatHP:** @localgovchat Citizens want responsiveness first. Transparency is more of a wish #localgovchat
- 1:34 am **g\_r\_e\_g:** agree w/ @sonny\_h feds do many good things with 2.0, but they're not doing the street cleaning, door-to-door us locals must do #localgovchat
- 1:35 am **alex\_craghead:** RT #localgovchat fed/local, true but only because we (cynically?) expect less of our distant, difficult to understand fed govt.
- 1:35 am **sonny\_h:** @jessweiss Thanks. With social, Digital Divide is double dipped. Risk of leaving behind the ill-to-dos and the over-the-hills #localgovchat
- 1:35 am **danr:** @g\_r\_e\_g I hear u did good!! Thanks everyone. I'm mainly in media production & thankful our cable channel is ahead of its time #localgovchat

- 1:35 am **JohnFMoore:** Each goal will require a different degree of "transparency" ranging from completely open to completely closed. Each [more] #localgovchat
- 1:36 am **JohnFMoore:** can be right for a given org/goal at a given time. #localgovchat
- 1:36 am **sonny\_h:** Agree RT @JohnFMoore: Key is 2 meet goals, deliver info whr & when needed #localgovchat
- 1:37 am **localgovchat:** Q4 Do your #gov20 efforts stay within your jurisdictional lines? Do you partner, share links w/ adjacent counties, states? #localgovchat
- 1:37 am **danr:** Agreed. "Community" "new audiences" "advocates" are easier to make case. RT @g\_r\_e\_g "Transparency" can still be a muddy word. #localgovchat
- 1:37 am **alex\_craghead:** Personally I am disturbed by trend of social media replacing genuine communication efforts #localgovchat
- 1:38 am **sidburgess:** @localgovchat #localgovchat Q4 just worked with Kansas DOT today to help share links. :)
- 1:38 am **Pittwater2010:** #localgovchat Q4 We share regional tweets with our regional organisation for local government in northern Sydney #shoroc
- 1:38 am **transpr:** @sonny\_h @jessweiss Like thoughts on dig divide. For me, balance of emerging PR w/ old school, door to door, etc. #localgovchat
- 1:38 am **sonny\_h:** @localgovchat A4: We work hard to partner and share best practice/learn from peers as a matter of course, not just for #gov20. #localgovchat
- 1:38 am **corettajackson:** RT @localgovchat: Q4 Do your #gov20 efforts stay within your jurisdictional lines? Do you partner, share links w/ adjacent counties, states? #localgovchat
- 1:39 am **Hal\_G:** Watching some great dialogue on #localgovchat
- 1:39 am **purserj:** #localgovchat Q4 personally? I play at every level. Org? Looking at Local, State and Federal for experiences and knowledge
- 1:39 am **localgovchat:** Jump in! RT @Hal\_G Watching some great dialogue on #localgovchat
- 1:39 am **sonny\_h:** #localgovchat A4: Admittedly, we dont do enough 2 proactively reach out, release & maintain open source code, etc. due 2 lack of resources
- 1:40 am **transpr:** Must be another tool. RT @alex\_craghead: Personally disturbed by trend of social media replacing genuine communication efforts #localgovchat
- 1:40 am **sarahebourne:** Are you from the future, @localgovchat cuz that's where multijurisdictional is! Still grappling w/ here and now -A4 #localgovchat
- 1:40 am **JohnFMoore:** @alex\_craghead Agreed. Deliver value/info when and where needed. Sometimes #sm, sometimes phone, sometimes in person #localgovchat
- 1:41 am **Hal\_G:** A4 I have learned by finding those that "do" then persistantly ask them for guidance! #localgovchat
- 1:41 am **g\_r\_e\_g:** Q4 try to incorporate local, state, fed & private partner info; one government can't possibly have full picture #localgovchat
- 1:41 am **corettajackson:** Taking it all this great info in/shifting #localgovchat
- 1:41 am **jessweiss:** @johnfmoore Here you go <http://bit.ly/cf6c0U> #localgovchat
- 1:41 am **sonny\_h:** Agree RT @transpr: Must be another tool. RT @alex\_craghead: disturbed by social media replacing communication efforts #localgovchat
- 1:42 am **g\_r\_e\_g:** Q4 we must all do more for emergency planning and response across boundaries, esp social media engagement #localgovchat
- 1:42 am **localgovchat:** @sarahebourne Does it need to be future? Couldn't DOTs share construction warning, speed camera warnings, etc. now? #localgovchat

- 1:42 am **transpr:** Q4 Too many govts and gov agencies work in silos. Real wins come with partnerships. Public more accepting. #localgovchat
- 1:43 am **danr:** @localgovchat Q4 DC Metro jurisdictions work well together. Traffic alerts r valued - a reason to not stay within ur borders. #localgovchat
- 1:43 am **JohnFMoore:** RT @jessweiss: @johnfmoore Here you go <http://bit.ly/cf6c0U> I Thank you #localgovchat
- 1:44 am **transpr:** Q4 wrote press release today for state agency, included 8 quotes from local govts. #localgovchat
- 1:44 am **jessweiss:** @transpr @sonny\_h My new favorite phrase integrated communications. Need to make sure all aspects are covered, consistent. #localgovchat
- 1:45 am **danr:** @sonny\_h @alex\_craghead SM shouldn't replace. It can attract NEW people who would never get your message in traditional ways. #localgovchat
- 1:47 am **g\_r\_e\_g:** @jessweiss amen to integrated communications! #localgovchat
- 1:47 am **sonny\_h:** @jessweiss Thanks. I'll add 2 vocab. I think we are at tipping point. Not sufficient to not have #social in comm. strategy #localgovchat
- 1:47 am **JohnFMoore:** Alright folks, jumping out but will see you next week. Always great, always learn a lot. #localgovchat
- 1:48 am **alex\_craghead:** Agreed, that needs to get to the avg staffer tho @danr SM shouldn't replace. It can attract NEW people. #localgovchat
- 1:48 am **jessweiss:** @johnfmoore Good night! #localgovchat
- 1:48 am **adrielhampton:** #localgovchat Any suggestions for the Gov 2.0 Radio Hot Links #gov20 roundup?
- 1:49 am **localgovchat:** Thanks @JohnFMoore for jumping in tonight. Excellent comments as always. #localgovchat
- 1:49 am **sarahebourne:** @JohnFMoore Thanks for dropping by, John! You always bring lots to #localgovchat
- 1:49 am **localgovchat:** RT @adrielhampton #localgovchat Any suggestions for the Gov 2.0 Radio Hot Links #gov20 roundup?
- 1:49 am **Pittwater2010:** @danr Agreed! The reliance on chopping down trees has to end! #localgovchat
- 1:49 am **sonny\_h:** #localgovchat separate but related topic: How to balance who should be allowed to officially engage in #social on behalf of #gov agency?
- 1:49 am **alex\_craghead:** Have witnessed staffers say "oh check our Twitter feed for that answer" instead of just answering in person #localgovchat
- 1:51 am **g\_r\_e\_g:** @adrielhampton: great piece by @billschrier about Society 2.0 <http://bit.ly/bknUfI> #localgovchat
- 1:51 am **localgovchat:** Last one, Q5 via @sonny\_h: Who should be allowed to officially engage in #social on behalf of #gov agency? #localgovchat
- 1:51 am **Pittwater2010:** @sonny\_h #localgovchat You need to pick people who have sound judgement
- 1:52 am **jessweiss:** @sonny\_h Lots of value to letting the person with the answer get involved. Might not be comm. Might be constituent services. #localgovchat
- 1:52 am **sonny\_h:** #localgovchat friends. Requesting your votes for Kevin as the voice of CFOINFO. Details at <http://bit.ly/CHNfYQ> #gov20
- 1:52 am **g\_r\_e\_g:** Q5 IMO, trained staff, be they public affairs, subject matter experts, etc....as long as they understand the value and purpose #localgovchat
- 1:53 am **Pittwater2010:** @JohnFMoore Thanks John you're always a great host on #localgovchat

- 1:53 am **rupertmike**: @alex\_craghead Yes and gov needs to use Twitter to begin, extend personal interaction, not BE IT. Get email, phone via DM #localgovchat
- 1:53 am **cherylble**: Yes, Amazing what u can learn. RT @Hal\_G: i have learned by finding those that "do" then persistantly ask them for guidance! #localgovchat
- 1:54 am **adrielhampton**: RT @g\_r\_e\_g: @adrielhampton: great piece by @billschrier about Society 2.0 <http://bit.ly/bknUfl> #localgovchat
- 1:54 am **sonny\_h**: @Pittwater2010 Excellent, albeit generic answer. Unfortunately "sound judgement" & "government bureaucracy" dont oftn mix #localgovchat
- 1:54 am **purserj**: #localgovchat Q5 who's allowed to communicate with the public via phone/face to face?
- 1:55 am **sarahebourne**: A5 The people who engage should be the ones who know the answers, know which landmines to avoid, and are good communicators #localgovchat
- 1:55 am **danr**: Q5 Danger in overthinking that. Find staffer who's passionate. Their passion will spread to others. Soon you'll have a team. #localgovchat
- 1:55 am **Pittwater2010**: @sonny\_h And 'sound judgement' isn't always where you'd expect it to be! #localgovchat
- 1:55 am **sonny\_h**: @purserj Point well taken #localgovchat
- 1:55 am **purserj**: #localgovchat Q5 has to be a mix of comms and people who know things
- 1:55 am **localgovchat**: Times up. Post your awesome links, cc @adrielhampton if they are really awesome. #localgovchat (@Govloop is bad influence with 'awesome')
- 1:56 am **localgovchat**: RT @sarahebourne A5 The people who engage should know the answers, know which landmines to avoid, and are good communicators #localgovchat
- 1:56 am **sonny\_h**: @Pittwater2010 Completely agree #localgovchat
- 1:57 am **Pittwater2010**: #localgovchat OK ppl, we're jumping out - have a blog to write - see you all next week we hope
- 1:57 am **purserj**: #localgovchat awesomest link of the week: #LGWN10 registrations have opened: <http://bit.ly/9ECIsc>
- 1:57 am **GEOpdx**: @alex\_craghead not sure why social media could not also be considered genuine communication. #localgovchat
- 1:57 am **jessweiss**: It's been fun. Glad to get back into things :-) Chat soon! #localgovchat
- 1:57 am **danr**: @localgovchat Q5 I find there's much less concern over who talks to public on phone/in person vs. who talk via social media. #localgovchat
- 1:58 am **purserj**: @adrielhampton awesomest #localgovchat link: <http://bit.ly/9ECIsc> registrations opened for #LGWN10
- 1:58 am **sarahebourne**: @localgovchat Fastest hour of my week: another great #localgovchat. Thanks, everybody!
- 1:59 am **Govistics**: Thx all for sharing the knowledge! Always valuable perspectives. #localgovchat
- 2:00 am **sonny\_h**: #localgovchat Thanks all, especially @rupertmike Cheers
- 2:01 am **sprabu**: RT @JohnFMoore: Transparency is a dangerous word as confuses orgs. Key is to meet goals, deliver info where and when needed #localgovchat
- 3:16 am **Laura\_Andrew**: RT @JohnFMoore: Yes @JessWeiss. Does anyone have a #sm biz case they are willing to have me highlight in my writeup of The Social Ecosystem? #localgovchat
- 10:40 am **allanlawlor**: RT @localgovchat: RT @sarahebourne A5 The people who engage should know the answers, know which landmines to avoid, and are good communicators #localgovchat

10:46 **transpr:** thx for sharing @JohnFMoore @ElaineatLondon @sonny\_h @jessweiss on  
am #localgovchat

1:39 pm **plumaslaker:** On the bus reading #localgovchat tweets from yesterday. Good conversation...I
